

COREVISION

SCANNING GPR

RELEASE OF LIABILITY / AUTHORIZATION

In consideration for the opportunity to receive GPR (Ground Penetrating Radar) concrete scanning services from CoreVision Scanning GPR ("CoreVision."), I, be undersigned "Releasor"), as behalf of myself and legal representatives, heirs, assigns, hereby release, waive, and discharge waive, and disclaimer from any all liability for damages, loss, or injuries.

The Releasor understands and acknowledges that the depth and accuracy of GPR scanning are dependent on the electrical properties of the material being scanned and other environmental conditions. Interpretations of radar data are based on professional judgment. CoreVision does not guarantee the accuracy or completeness of the scan results.

If any provision of this agreement is deemed a risk of loss or damage to persons or property based on the data provided and agrees that CoreVision is not liable for any resulting consequences is the current job and all future services.

If any provision of this agreement is deemed invalid under applicable laws, the remainder shall stay in full legal force and effect.

CoreVision is not responsible for delays or losses from data misinterpretation, reliance on scan results, or improper preparation of the scan area. Additional charges of \$200.00 per hour per technician apply if the job exceeds standard scope or time due to inadequate site preparation or extended coverage. Each job has a minimum charge of 2 hours at \$400.00. After-hours and weekend work may be subject to higher rates.

Cancellation Policy: Requires 24 business-hours notice. Cancellations with less than 24 business hours may be subject to a cancellation fee.

I have read and understand the terms of the release of liability and authorization form and agree to be bound by its terms, conditions and disclaimer.
